THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

11 AUGUST 1977

WHAT ALL THE DIGGING IS ABOUT

Since the beginning of summer, it has seemed that torn-up sidewalks, trenches, ditches, and holes have blossomed simultaneously throughout the central campus. On rainy days, the situation becomes especially trying for those who work in the vicinity of Athabasca Hall and the quad.

Several jobs have been proceeding together in that area. With the renovations completed in Athabasca Hall, the building has had to be linked to the utility tunnels; the landscaping will be restored to the spaces affected. Walks and plantings will also be restored where the old, abandoned steam chase to the Chemistry Building was removed. Completion of the Services Corridor in the main campus will provide new services to Athabasca, Assiniboia, and Pembina Halls (as well as a stub connection for the future Agriculture II Building), and will allow the abandonment of old, buried lines that frequently had to be dug up for repairs.

A new north-south walk along the east side of the old residences will allow fire truck access to the east faces of these buildings. The steps that existed along the old walk have been removed, so there will be easier movement for wheelchairs and bicycles. The many people who have fallen on the slippery tiles at the southwest corner of the Physics Building will be happy to learn that that hazard has also been eliminated.

Work in the B Parking Zone, east of the Physical Education Building and south of University Hall, will remove another hazard, the pedestrian-vehicle conflict that has existed for several years in that area.

As University services and facilities move to new locations, desire lines—the bee-lines people take through the grass as the shortest distance between where they've come from and where they're going—change. For several years the desire lines through the quad have been notably different from the paths of the sidewalks. Temporary walks ameliorated the situation somewhat. Work in the quad will now improve and correct earlier walks to respect the desire lines that have cut unsightly paths through the lawns.

Small disruptions have also been caused by replacement of old, leaky fire hydrants and the installation of new exterior signage.

The long, narrow trenches that have been dug in several locations on campus will hold

underground wiring for supplementary campus lighting. Installation of supplementary lighting is intended to improve the safety and security of people walking through the campus after dark. Lighting will be added gradually, over several seasons, as funds become available.

Restoration of landscaping, installation of lighting and signs, and building of new walks are all part of this year's paving and grounds program, based on the University's long-range landscape development plan. Work initially planned for this year was reduced by 50 percent following a 50 percent budget cut. For this reason, work planned for 89 Avenue west of 114 Street to Stadium Car Park has had to be delayed. Subsidence of the ground in this area resulting from installation of the Services Corridor some

years ago and underground wash-outs and broken sewer lines from earlier years is causing damage to roads, walks, steps, and retaining walls. Redesign of the area will recognize that it is one of the main entrances to the campus. This work will be undertaken next year, budgets permitting.

Those who criticize money spent on restoring and improving sidewalks, roads, signs, and planted areas when operating funds for academic purposes are restricted are reminded by Vice-President (Planning and Development) R.E. Phillips that "capital funds requested and approved for specific work cannot be diverted to other uses. Funds not used for the purposes for which they are granted are lost." He points out that the funds allocated to paving and grounds work were cut in half, while funds for capital equipment

for faculties and departments were increased by 30 per cent over the previous year's allocation.

According to Vice-President Phillips, "Recognition of the need to provide funds for maintenance, operation, and renovation of physical facilities has allowed this University to maintain functional facilities and an attractive working environment." Visits to other Canadian universities have shown him the unfortunate consequences in universities where funds are not available for these purposes.

Even with the dirt walks (or mud, depending on the weather) and the ditches, no one can deny that the University has indeed a very handsome working environment. Soon the work on the central campus will be finished and the grounds restored to their normal grassy, landscaped form. Three weeks of rainy weather earlier in the summer have delayed the progress of the work; work in the vicinity of the quad is expected to be substantially finished by the third week of August, and work east of the Physical Education Building should be finished soon after classes begin in September.

BOARD OF GOVERNORS

The regular meeting of the Board of Governors was held on Friday, 5 August. The following items were among those considered.

North Garneau Housing Community

The Board Building Committee recommended that an overall rent increase of 9 percent for residences in the North Garneau Housing Community be effected from 1 December 1977. The reasons for the increase include the need to meet increasing costs of operation

and to keep in line with predetermined policy that rental rates be "comparable to but somewhat less than the rental rates charged in the private sector." Any surplus revenues are to be used, as they generally are, in renovations and improvements to the community.

The Board Building Committee also noted for information that the Emily Murphy House, situated in the North Garneau Housing Community at 11011 88 Avenue, has been designated by the provincial government as a Classified Historic Site. The House is used for student residence in the same manner that other houses in the Community are, but it is anticipated that with some modest financial assistance from Alberta Culture special attention will be given to its maintenance.

Board Finance Committee

The Board Finance Committee presented the Students' Union's annual request for assistance. The Board agreed to the request of a total of \$24,675, much of it to go to the student radio station, CKSR, for upgrading equipment and to the Art Gallery for improvements to its security system. The Housing Registry, Student Help, and Freshman Orientation Seminars will also be assisted by the grant.

The Board also approved the audited financial statement of the University for the fiscal year ending 31 March 1977, as presented by the Finance Committee.

Visa Student Fees

The Board of Governors gave final approval to a schedule of differential fees for foreign students. Visa students entering the University for the first time in September 1977 will be required to pay yearly fees up to \$300 greater than non-visa students or visa students who have been attending the University.

The Board approved a resolution that will be sent to the Minister of Advanced Education and Manpower for approval. It reads:

Whereas Section 15(1)(e) of The Universities Act empowers the Board to determine, subject to the approval of the Minister, fees for instruction;

And whereas the Minister has expressed to the Board the will of the Government of Alberta that fees for instruction for foreign students be greater than the fees for instruction of other students;

And whereas the Board has considered the views of the Minister and has in the letter of the Chairman of 10 May 1977 to the Minister expressed the view of the Board;

And whereas the Minister has indicated approval of the recommended fee differential therein contained.

Be it resolved:

1. The Board hereby determines that the fees

for instruction of all visa students who register as students at The University of Alberta in September of 1977 or thereafter shall be:

(a) the fees for instruction generally applicable to students who register as students at The University of Alberta, together with
(b) additional fees for instruction (differential fees) in accordance with the . . . schedule.

2. This resolution shall not apply to any visa student who at any time prior to 1 September 1977 was registered as a student at The University of Alberta.

3. For the purposes of this resolution a "visa student" is a person who has been authorized by the Government of Canada to enter Canada and who holds a subsisting student visa or other authority (by whatever name) issued or granted by the Government of Canada permitting such person to enter and remain in Canada for the purpose of studying at a university or other educational institution.

4. The Vice-President (Academic) is instructed to establish and administer such regulations as may be necessary or useful to implement this resolution.

5. This resolution is subject to the approval of the Minister and upon such approval being given shall, without more, be in full force and effect.

PEOPLE

■ John King-Farlow, Professor of Philosophy, recently served as Visiting Professor for a summer session at the University of Lethbridge, teaching a course for the Faculty of Education and the Department of Philosophy.

■ M.S. Klamkin, Professor and Chairman of the Mathematics Department, has returned from the nineteenth International Mathematical Olympiad held in Belgrade, Yugoslavia. The United States team, which he helped coach, was first, Russia second, and Great Britain and Hungary tied for third.

In addition to being Chairman of the Examination Committee for the United States Mathematical Olympiad, Professor Klamkin is on the Canadian Mathematical Olympiad Committee. He is trying to get a Canadian entry in the International Competition, but has not succeeded because of an apparent lack of supporting funds.

■ Juliet McMaster, Professor of English, recently delivered the address at the annual meeting of the Jane Austen Society in Chawton, England. Her topic was "Jane Austen on the symptoms of love," and her paper will be incorporated into a monograph on Jane Austen that she is preparing for the English Literary Studies series.

■ D.G. Tucker, Associate Professor of Elementary Education, was recently appointed

The University of Alberta
welcomes

Nominations for Chancellor

To serve four years commencing
1 July 1978

The Chancellor represents the public interest in the University, is elected from the general public by the University Senate, and acts as:

1. Chairman of the Senate
 2. Member of the Board of Governors
 3. Representative of the University at ceremonial occasions
 4. Member of University associations and foundations
- Nominees should be Canadian citizens, and should possess a strong interest in university-community affairs and time adequate to apply to the considerable duties involved. Expenses associated with the Chancellorship are provided.

We encourage nominations or enquiries before 30 September 1977 addressed to:

Chairman, Joint Search Committee

program coordinator of Project Morning Star, a native teacher education program. His duties will include developing, implementing, and evaluating the general curriculum plan; arranging suitable practicum experiences; serving as chief executive officer and budget supervisor; and acting as Executive Secretary of the Board and of its program and admissions sub-committees.

■ Shirley Wright, Professor of Library Science, has been appointed Assistant Dean of the Faculty of Library Science. Ms. Wright has been with the Faculty since 1969. Prior to her affiliation with the University, she held the positions of Deputy Chief Librarian and Head, Children's Department, in the New Westminster, British Columbia, Public Library for thirteen years.

VISITORS

■ J.K.P. Watson, Senior Lecturer in Comparative Education at the University of Reading, taught a graduate seminar on the organization and administration of education in England and other countries in the Department of Educational Administration during the month of July. Dr. Watson is currently completing a book on education in Thailand, where he has worked under the auspices of the British Council. During the past few years, he has been codirector of a course entitled "New Developments in the Organization and Administration of Education in England and Wales" for Canadian educators visiting Britain.

NOTICES

SINGLES GROUP ON CAMPUS

Persons who may be interested in forming a singles group on campus are invited to call Audrey Brooks at 434-1837 (evenings) to express their views and interests.

HOSTS AND HOSTESSES NEEDED

The International Student Office is looking for volunteers to host visiting Japanese students for a day or an evening, giving them an opportunity to visit a Canadian home. Those persons interested should contact 432-4145.

STUDENT CINEMA

Because of the lockout of CUPE workers by the Students' Union, Student Cinema will be cancelled until further notice. However, cinema listings are still found in *This Week and Next*, should a settlement be reached.

CAMPUS SECURITY CHECK

Because of the threat of theft of personal property from unlocked desks or offices,

Campus Security personnel are making frequent checks of buildings to deter unauthorized persons from loitering.

When offices are found vacant under conditions that might lead to a security problem, an "Insecure" notice will be left. The purpose is to alert the missing occupant of the need to keep offices, desks, etc. secure when absent.

FRESHMAN ORIENTATION PROGRAM

Each year the Students' Union offers an orientation program for first-year students to help them make the transition to university life and inform them of the problems that may be encountered.

Seminars are offered in a weekend or one-day format throughout the summer and early part of September. Topics for the seminars include: registration, libraries, student services, University government, campus layout, courses, financial aid, and hints about campus red tape.

Further information may be obtained by calling 432-5319 or writing to: Freshman Orientation Seminars, 240 Students' Union Building.

PERMANENT RELOCATION OF OFFICES

Student Counselling Services has moved from the Students' Union Building to 102 Athabasca Hall. The entrance is by the south-east door, the former Campus Post Office entrance. The telephone number, 432-5205, will remain the same.

The Association of the Academic Staff has moved from its old location in 132 Assiniboia Hall to 347 Athabasca Hall. The telephone number will remain the same.

The Division of East European Studies has moved from its old location in Assiniboia Hall to 300 Athabasca Hall.

The University Publications Office has moved from its old location in Assiniboia Hall to 434 Athabasca Hall.

The University Press has moved from its old location in Assiniboia Hall to 450 Athabasca Hall. The telephone number remains the same; the Director, L.E.S. Gutteridge, may now be reached at that number instead of 432-3694.

FACULTY OF EXTENSION VISUAL ARTS PROGRAM

Registrations will be accepted after 1 August for courses in the Extension Visual Arts Program. Courses being offered will include drawing, painting, printmaking, and ceramics. Brochures containing descriptions of the courses are available. For further information telephone 432-3034.

RESEARCH GRANTS

Faculty of Education Lecture Series Award

The Faculty of Education inaugurated a Lecture Series Award in 1977 as one means of encouraging, supporting, and publicizing educational research. The recipient of this Award will be granted a six-month research leave commencing 1 July 1978. During this time the award-holder will be expected to engage in the pursuit of his or her research activities and, as well, prepare a three-part lecture series that will be presented in January, 1979. At least one of these lectures will deal explicitly with the significance of the research for teaching or teacher preparation, or both.

This Award is intended to identify and reward those members of the Faculty of Education who have been engaged in educational research to the point where they have: (a) gained a reputation among leading scholars as a significant contributor to the advancement of knowledge in their field, through the development and pursuit of a sustained program of research, (b) disseminated their findings through the presentation of papers or the publication of articles in refereed journals or books, or (c) identified a worthwhile research undertaking which can be both significantly advanced and reported as a result of receipt of the award.

Only full-time tenured members of the Faculty of Education of this University are eligible for the Award. The Advisory Committee on Selections will commence its work of compiling and reviewing dossiers on 1 October 1977. Therefore, nominations of colleagues or oneself should be directed to the Chairman of the Committee, Robert Patterson, prior to 30 September 1977. No supporting documentation is required with the nomination.

The Award will not necessarily be made annually.
